In other board action eight teachers were given lay-off notices, and accepted the Middle School Report to rebuild the Middle School and will direct the administration to prepare an analysis of the steps necessary to bring about new construction.

Heat Wave Brings Wave of Larceny

Apparently the summer heat wave is also causing a wave of larceny in Crawford County. Sheriff's deputies reported over 10 larcenies in last week's activity, with such things as ice coolers, food stamps and rifles being stolen.

The Department also investigated 6 B & E's and 7 Malicious Destructions of Property. Other activity included 7 property damage accidents, a personal injury accident involving a motorcycle, a hit and run on Old-27, and an accident involving a truck and a house on the corner of Maple and Ingham.

A possible fatality was averted when a five-year old drifted away from relatives while riding in an inner tube and was plucked from the water by an observant river resident just above Wakeley Bridge.

Guard Officials Relieved

1/2 "Dud" Plan in Working

By CPT Tim Everett
Camp Grayling

Camp Grayling officials are expressing relief that at least one-half of their plan on dealing with unexploded rounds of ammunition (duds) is working.

"No, people have not stopped picking up duds from the ranges at Camp Grayling," stated Colonel J.R. Lippert, Camp Commander, "but at least they are beginning to call us and report any that they find. And that, of course, is what we are really striving for - not to have anyone hurt."

The Colonel was referring to an incident which occurred on July 8 when a phone call from a property owner at Guthrie Lakes Estates, just west of the Guard's artillery range in southern Otsego County, which alerted range personnel to an unexploded round in someone's front yard. Explosive Ordnance Demolition (EOD) personnel were immediately sent to check on the report.

The team found a 106mm

recoilless rifle round and because of the extreme unusual nature of these rounds after they have been fired and have not exploded, made arrangements to blow up the round on the spot. After enclosing the round with sandbags, it was exploded in place with no damage or injury.

The mother of the boy living at the house where the round was found reported that he had taken the round from a range at Camp Grayling and had brought it home on his motorcycle.

Colonel Lippert concluded by saying, "I am very thankful that this incident ended with no injuries. This boy could have easily killed himself or other innocent persons by taking a shell from a restricted, posted government range. I repeat what Camp personnel have been saying for years - if an unexploded round is found, DO NOT TOUCH IT, but call Camp Grayling at 348-7621 for disposal."

POST-TRIP MAINTENANCE—Ohio National Guard Sergeant Leonard Green checks his vehicles after making the trek to Camp Grayling for two weeks of summer training. Sgt. Green is one of 2,300 Ohio troops at Grayling for the training period which winds up July 26. He is a member of Headquarters troop, 2nd squadron, 107th Armored Cavalry Regiment.

107th Armored Cav. Arrive from Ohio

By MSG Don Lundy
Ohio Army National Guard

The Ohio Area Command of the Ohio National Guard, which includes units of the 107th Armored Cavalry Regiment, has arrived at Camp Grayling for 15 days of summer training.

Some 2,300 troops are with the current contingent of Buckeye citizen-soldiers. That includes about 1,200 personnel in the 107th Armored Cavalry Regiment and 900 others in various command and control and support activities for the 107th.

"We've been looking forward to the two-week training period at Grayling this summer," said Major General Robert W. Teater, commander of the Ohio force at Grayling through July 26.

General Teater noted the hospitality shown members of the Ohio Guard through the years by people in the Grayling

area has contributed much to making the annual summer training periods both productive and enjoyable.

The 107th Armored Cavalry Regiment is a totally mobile fighting force. Some compare the role of the armored cavalry elements to that of the old "horse soldiers" and cavalry troops made famous by John Wayne movies.

The armored cavalry is equipped to fight independently doing reconnaissance and scouting for a large force. Often, the armored cavalry is a screening, or flanking, troop element for that larger force.

A valuable, but often overlooked role in the national guard's training activities, is

the support needed to keep fighting units on the move in combat.

The support for this encampment is under the direction of the 137th Supply and Service Battalion, commanded by Lieutenant Colonel Arthur Stone.

Units under the 137th at Camp Grayling include the 460th Supply and Service Company which is providing rations for all units on post, the 425th Quartermaster Company which is providing petroleum and fuel supplies, the 1485th Transportation Company which provides for movement of equipment and troops, and the 155th Maintenance Company which repairs any equipment that breaks down, whether it be in the field or a main post.

Also working under the auspices of the 137th S&S Battalion are the 365th and 684th medical companies which are providing medical support and ambulance services.

One of the highlights of the training period will be a visit on July 22 by General E.C. Meyer, chief of staff of the U.S. Army. General Meyer will have a chance to see the proficiency of tank crews of the 107th in tracking and firing at stationary targets while on the move.

Vacation Bible School at St. John

St. John Lutheran Church will be holding a Vacation Bible School at its new building at 710 Spruce Street from Monday, August 4th through Friday, August 8th.

Sessions will run from 9 to 11:30 each morning. There will be classes for children from 4 years old through the 5th grade.

The theme for the school will be "Travels with Jesus". A free-will offering will be taken each day to cover the cost of materials.

If you wish to enroll your child, please call Mrs. William (Dorothy) McLeod at 348-9169 or Pastor Robert Haskel at 348-8201 by Friday, July 25th.

Warning

"Range firing will be conducted by units of Ohio Army and Michigan Air National Guard during the period 16-31 July 1980. Small arms, demolitions, mortars, tanks, field artillery, helicopter gun ships and high performance fighter aircraft will be firing.

The Air to Ground Range and Artillery Range which is located east of Guthrie Lake and north of County Road 612, will be in use. Also, the Rifle Ranges west of the main camp and the tank ranges north of North Down River Road, west of Damon Truck Trail, south of County Road 612, and east of Jones Lake Truck Trail will be in use during this period.

The ranges will be closed during the above dates and all persons are warned to stay out of the range area."

Look For Three Property Tax Reform Ballot Proposals

By State Rep. Ralph Ostling

The July 7 filing deadline has come and gone for groups hoping to place property tax reform proposals on the November ballot, and it now appears that voters will have an opportunity to choose between three different plans in the fall election.

One plan, drawn up by a circle of legislators and Governor Milliken, was approved by the necessary two-thirds of both houses of the Legislature just before the summer recess, and will automatically appear on the ballot.

Supporters of the other two proposals must wait until Elections Division officials within the Department of State finish counting the number of valid referendum signatures before being assured that they have collected a sufficient number to place their favored plans before the voters in November.

More than 286,000 signatures are needed to place the proposals before voters in the fall, and both plans...the Smith-Bullard proposal, and the Tisch plan...appear to have a sufficient number of signatures.

Here's a rundown on the three plans:

—The legislature-executive plan would reduce the assessed valuation of each owner-occupied home by \$7,100, providing an average property tax reduction of \$350 statewide. The sales tax would be boosted from 4 percent to 5.5 percent to make up for the lost revenue.

—The so-called Tisch plan, named after Shiawassee County

Drain Commissioner Robert Tisch, would roll property tax assessments back to 1978 levels, and cut them in half. It would also limit new assessment increases for residential and agricultural homesteads to 2 percent a year, and forbid any new taxes on a homeowner's principal residence and require a 60

percent vote of the people for any new tax increase.

The plan sounds very appealing up front, but it would devastate state government's ability to operate at an effective level, since about \$2 billion—or just under 50 percent—of state revenue would be lost under this

"Speedy Recovery" Program Begins

A "SPEEDY RECOVERY" rose brightens the day for patient Sandra Maybee as it is delivered by Judy Marshall, R.N.

Mercy Hospital's Auxiliary has announced the beginning of a new "Speedy Recovery" program.

The program is in response to many requests for a way that friends and relatives can express their get-well greetings to patients in a more lasting and meaningful way, while, at the same time, showing their gratitude to Mercy Hospital for the care they receive.

Upon receipt of a cash donation of \$10.00 or more, the hospital's Auxiliary will deliver a rose, along with a speedy recovery message from the donor to the patient. An acknowledgment is also mailed to the donor from the hospital. Mailers are available in the hospital gift shop or from the Public Relations office.

The "Speedy Recovery" wish is a unique way of expressing your sentiments, and, in the process, participates in the growth of services and facilities at Mercy Hospital.

Cong. Davis Speaks to Rotary

CONGRESSMAN DAVIS—U.S. Congressman Bob Davis-R. of Gaylord is shown above addressing last Wednesday's meeting of the Rotary Club in Grayling. (Photo by Michael Delp)

Speaking before the Grayling Rotary Club, Congressman Bob Davis, of Gaylord, spoke to several influencing area residents. Davis's speech encompassed three major areas of concern for local residents: The failing economy, National Defense, and the Wild and Scenic Rivers Act. According to Davis, Michigan will continue to reel the effects of the auto lay-offs. Davis added that "Detroit made a mistake when they did not realize small cars were here to stay" and as a result the United States has fallen behind Japan in total car production. Davis went on to say that it might take as many as three years to convince the

American public that Detroit cars are as well made as Japanese cars and other imports.

Speaking to another problem, Davis offered little hope for stoppage of plans to make part of the Manistee and AuSable included in the Federal Wild and Scenic Rivers Act. Davis said that his office is working continuously in order to fight the proposal.

Davis also added that Americans should not expect a balanced budget next year, as the rise in inflation, growing unemployment lines, and the rise in food stamp recipients has caused the budget to fall into the red, and may drop as far

as 15-30 billion in the debit column by the end of the year. The Congressman also pointed out that the United States will greatly increase defense spending in coming years to, as Davis put it, "play catch up with the Russians."

Although much of the tone of Representative Davis' speech was not of an upbeat nature, he did hold out a great deal of optimism for northern Michigan in 1980's. Citing a shifting population and an expanded tourist industry, Davis predicted a boom for Northern Michigan and was positive in his belief that the area would soon experience prosperity.

Accepts 2 Year Mission Work

David V. Lindsay of 1048 S. AuSable Trail has accepted the call to serve a 2 year mission for the Church of Jesus Christ of Latter-Day Saints (Mormon).

He will be joining the 30,000 young men and women in the church who have committed 2 years of their lives to teaching the principles of the Church of Jesus Christ of Latter-Day Saints, to the people of the world.

His mission will begin on July 31, when he enters the Mission Training Center in Provo, Utah. After training, he will be sent to the Utah Salt Lake City South Mission, which covers most of Utah and parts of Nevada and Arizona.

David will not be paid for his work, but like most of the missionaries, will be supported by his family, friends, and previous savings he has earned.

David hopes to pursue an education, in the medical field, after completing his mission.

There will be a special meeting at the Church of Jesus Christ of Latter-Day Saints Branch, in West Branch on July 20, where he and his family will be speaking. All are welcome to come. Meeting time is at 10:00 a.m. at 315 Fairview.

Proposals

(Continued from Page 1)

proposal. If Tisch passes, it is quite possible that local income taxes would be raised across Michigan.

The Smith-Bullard plan, forwarded by State Representative Roy Smith (R-Saline) and Perry Bullard (D-Ann Arbor), would substantially reduce property taxes by limiting local millage levels to a maximum of 24.5 mills. Lost revenues would be made up through an increase in the state income tax, with the Legislature to determine the amount of the increase.

Homeowners have been pleading for some form of property tax relief for many years now, and they will finally have an opportunity to change the present system at the polls in November. I would suggest that you study the proposals, and determine which one, if any, is most advantageous to you before casting your ballot.

No one is quite sure what will happen if all three—or two of three—pass in November. An unprecedented legal mess could ensue, forcing the Supreme Court to make some decisions, and delaying the date the final plan would take effect.

From Our Corner ...

When one gets an invitation to cruise Lake Margrethe on a Sunday afternoon they would be crazy not to accept, right?

We received the invitation for our bride and I to join R.J. Hannan, formerly of Hoboken, and now of Lake Margrethe residence and the head man at the Nickelodeon, dispatchers of ice cream and other goodies...

At first we were a little reluctant...seeing as how we remember all of his troubles trying to get home to his beloved jungle at Christmas time...and how he seems to forget things real easy, like leaving house keys inside and locking the doors...

Our apprehension turned out to be unfounded...Skipper R.J. handled his pontoon boat like any skipper should...and to our amazement the galley was loaded with all sorts of munchies and orange pop...

During our afternoon cruise we came upon Grayling's answer to Aristotle Onassis...The Greek, alias, Leprechaun and his bride were afloat in their house boat so we tied up and boarded the schooner for a little libation and conversation...while aboard, the Thomsons' and Nicholas' joined the group...

To top off the afternoon outing, Skipper R.J. turned Chef and provided a gourmet delight which was topped off with coconut custard pie straight out of the freezer...into the oven...

All and all it was quite a relaxing afternoon for the ol' fella...we told the Flatbush Kid he could invite us out any time he wished, and told him we wouldn't mention a thing about his locking himself out of the house as we departed...

Right about now... Monday evening, 6 o'clock...we know how a Lobster must feel when it is dumped into a kettle of boiling water...temperature is about 85 and the humidity must be well over a 100...it has been a bugger all day...

This little piece was lifted out of the Bay City Times last week from their (AP) wire...

PIGEON SHOOTERS ENJOY JOB

Frenchtown, N.J.—Russ Barton was hired by his town to get rid of the pigeons. He's doing the job. For \$100 a year and all the bird shot shells they need, Barton and Glinn Hummer are authorized to shoot at will, as long as it's in the general direction of a pigeon. "I shoot 'cause of all the people going to church," Barton says.

Maybe when the two fellas are through out there, Grayling could hire them to get rid of our over populated pigeons...just a thought...we hope the Audubon Society doesn't take issue with this.

A couple of weeks ago we extolled on the reckless riding of some bicycle riders, and their disregard of the laws of the highway...we have found out since, that Cornell Agency has a booklet that is available to all those interested in the laws and common sense in being a bike rider...incidentally, we watched three riders go across the intersection downtown when the light was against them...maybe it has to take a tragic accident to open the eyes of the few that have no regard for the other person...

Last Thursday at the noon luncheon for the outstanding guardsman from the 73rd Infantry Brigade, yours truly and Pete Allen, he's with the other media in town received plaques for media support of the Ohio National Guard during 1979...we also became an honorary member of the Brigade by authority of Brig. Gen. Andrew Skalkos, Commanding...also recognized by the Ohio Guard were Mayor Gordon Thompson and Walt Nowak Chamber Manager who became "Buckeye Colonels"...

If you are interested...Friday morning we did something we said some 34 years ago we would never do again...we fought ourselves out of bed at 6 o'clock to go out to Camp Grayling and go through a chow line for breakfast with the General and some of his officers...the Mayor didn't make it...he says he forgot to set his alarm...

This takes care of this overheated turkey for this week...it has been a battle...have a nice weekend...we plan on it, we're headed for Boyne Mountain and the Michigan Press Assn. summer convention and a little bit of R & R...

Donald Jensen, son of Mr. and Mrs. William Jensen, became a patrolman for the Grayling City police last week, a new member of the force.

Mr. and Mrs. Hurl Deckrow and Mr. and Mrs. Dewey Palmer spent the five days of the Fourth of July weekend in Canada, on a fishing trip. They went as far as the Montreal River in one direction, and Thessalon in another.

Mrs. Ronald SanCartier returned home last Wednesday after spending a very happy week in Ft. Devens, Mass., visiting her husband, Pvt. SanCartier.

Mrs. Clyde Borchers arrived Wednesday, July 10th, to spend the summer with her mother, Mr. and Mrs. Carl Johnson. Billy Borchers has been here for sometime.

William O. McCullough of Detroit arrived to spend the summer at his AuSable River home Friday, July 5th. He was accompanied by Mrs. McCullough's sisters, Miss Julia Grant and Mrs. Lucille Higginbottom, also of Detroit. Mrs. McCullough was expected this week.

Tuesday afternoon a very delightful bridge party was given at the Officers Club House with the wives of commanding officers at Camp Grayling as hostesses. The clubhouse had been very attractively decorated with ferns and flowers. Those receiving were Mrs. Guy M. Wilson, Mrs. Leroy Pearson, Mrs. Edgar H. Campbell, and Mrs. John S. Bersey. Blackie's Blackbirds journeyed to West Branch last Sunday and returned

on the short end of a 12 to 8 count.

Mrs. Ernest Bissonette and Mrs. Oscar Smith were hostesses Monday evening at the latter's home to a group of friends in honor of Mrs. Wilbert Simpson.

Grayling was without lights on Tuesday night from 10:30 o'clock until about 4 in the morning, because of some trouble out at the local power plant.

Mrs. G.A. Kraus had as guests this week at her summer home at Lake Margrethe her cousins, Messrs. Leonard Feldman and Louis Gole of West Palm Beach, Fla.

Frank Deckrow and grandsons, Theon Deckrow, Ray and Norman Stephan, enjoyed a boat trip in two boats down the river, camping along its banks last week. They were gone for the week and went as far as Mio.

DeVere Schmidt spent the weekend in Detroit where he took in the Tiger-New York game. On his return he was accompanied by his cousin, Miss Edwina Warner, of Detroit, who will spend the summer at the Holger Schmidt home.

The Grayling Wood Products Company, of this village, has broken ground for a chemical plant which will be the largest in the state, it is claimed. The company has a nominal capital stock of \$50,000, but there are millions behind it, Detroit and Chicago men being the incorporators and all needed capital stock will be cared for by our own people. The new factory is being built south of the flooring mill and east of the M.C.R.R. and three hundred men will be employed, when completed. Wood alcohol, turpentine, acetates, charcoal, wood oils, tar, etc., will be manufactured, both deciduous trees and pine stumps being utilized. The retorts for the use of pine will be first completed, and set to work, while the larger work is being built. The organization is complete with R. Hanson, pres., and N. Michelson, sec.-treas.

Mrs. Fred Easman of Beaver Creek was thrown violently from a load of hay last Friday by the sudden plunge of the team, made restless by the attack of flies, and suffered a fracture of her limb at the knee.

Miss Clara Lietz, of AuSable was visiting Mrs. M. Henne here at the time of the fire at AuSable last week. Her home and household effects were destroyed, in fact, her savings of a lifetime were wiped away.

Frank Love, of Beaver Creek, lost a quantity of hay and about 1½ miles of fence in the forest fires of last week.

The Bible Speaks

From Calvary Baptist Church

Who Worships Satan?

If Satan should reveal the number of persons living in Grayling who regularly worship him, the list would surprise you. The Satanic Bible states, "Satanism represents a form of controlled selfishness." Just as love or self-sacrifice characterizes one who worships God, even so, a lack of love or selfishness characterizes one who worships Satan.

Lust, greed and power are the three main concerns of a Satan worshipper. Lust is most often identified with sex outside of marriage. Anyone who has sex with someone else outside the marriage bond is worshipping Satan. From the first thoughts of your heart on through the end of the act, you have been bowing down in worship to Satan. The only difference bet-

ween one who practices adultery or fornication and a member of a Satanic cult is the awareness or consciousness of dependence upon Satan.

Greed is another area where men worship money or materialism and are in reality worshipping Satan. "Ye cannot serve God and mammon." Matt 6:24. My friend if you are too busy making money to attend God's house in Worship, you are worshipping Satan. Some people are so involved in worshipping money, they rob God. "Will a man rob God? Yet ye have robbed me. But ye say, where in have we robbed thee? In tithes and offerings." Malachi 3:8. Part of worshipping God is giving back to Him a portion of His blessing. When you spend your tithes and offerings upon self directed things, you are worshipping Satan, by robbing God.

Power or authority is the biggest area of Satan worship and is characterized by people choosing to live by their own "free will" or "personal choice." We rebel against the authority of our government when we disobey the laws of our land. We rebel against the authority of the home when wives refuse to submit to their husbands, and children refuse to obey their parents, and husbands refuse to take the leadership as head of the home. We rebel against the authority of the church when we disrupt rather than edify the people and program of the local New Testament Church.

Everytime you say "I Will" in defiance of government, home or church, you are rebelling against God and worshipping Satan. It goes without saying, we have a lot of humanistic, selfish, Satan worshippers today in rebellion against the authority of God in the three basic institutions. He established upon earth for man's benefit. To whom is your worship directed??? (adv.)

Bouquets to some of the same places that had attractive flowers last year and have outstanding ones again. The McPherson home on Chestnut has planters of petunias, the Shively home on Spruce had a driveway lined with red geraniums and the Clark station have beautiful curb plantings.

Another good sign is the activity on Michigan Avenue in the former Bert's Barber Shop—we've heard a couple of new businesses are opening up in the former Hanson building—we hope so.

In the north end of town on Plum and Elm Street we saw some nice flowers and neat, orderly vegetable gardens. The Snooky Akers have a new roof and over on Maple Street, the Mike Flemings have moved into the former T.P. Peterson home and are redecorating.

A suggestion to some unemployed youths—find yourself some grass clippers and "clean up" by offering your services to the places that need the weeds trimmed!

I've been asked to stroll at Lake Margrethe—

Mrs. Nellie Loss, 87, of Flint, a former teacher in Grayling and a close friend of the late Mrs. Gertrude Peterson, passed away on July 1. She had been hospitalized for some time. Burial was in Riverside Cemetery, Vassar on July 3. Attending the services were a cousin, Harvey Rowland and wife, Beatrice, Mrs. Don Morath of Gaylord, Mr. and Mrs. Ed Martin of Lansing, Mrs. Karen Carlson of Jenison, Mrs. Mary Ann Clayton of Leslie, and Mrs. Jean Gothro, of Grayling. Mrs. Gothro was visiting her daughter in Leslie at the time.

Mrs. Irene LaRush had as her guests for the Fourth of July weekend, Mr. and Mrs. Fritz Balow, of Hamtramck. She hosted a picnic supper on the Fourth for the Richard Neiderer and Joe Perry families.

Mr. and Mrs. Tom Clark flew in from Lubbock, Texas, to spend ten days with her grandmother, Mrs. Roy Milnes. Susan's parents, Dr. and Mrs. Bill Rosin, drove up from Portales, N. Mex., and they took Tom and Susan back to Detroit and visited Bill's relatives. Returning to Grayling they met their other daughter, Mrs. Michael Wilson (nee Shelly Rosin) from New Mexico at the Traverse City airport. They visited in Grayling until Monday and then all returned home.

Mr. and Mrs. Bud Gallagher (nee Joanne Montour) and daughter, Debbie, of Flint, son, Marty Gallagher and wife, Donna, also of Flint, Mrs. Genevieve Montour Hanselman and Mrs. Mary Montour Bixler, both of Dearborn Heights, camped in the Grayling area over the weekend and visited friends and relatives. The Gallaghers have returned from a year spent in California.

Mrs. Norene O'Malley, daughter Kathy, and granddaughter, Kay, all of Flint, spent from Saturday to Thursday week before last visiting Norene's sister and husband, Les and Dena Hunter.

Al Cherven and his son, John Cherven, of Rochester New York, have returned from a two-week trip to London, England, to visit Dr. and Mrs. David Blaha. Al and John also flew to Cologne and Frankfurt, Germany to visit some of the places that Al had been during WWII. They spent three days in Paris and visited the Versailles where he had been stationed. Connie returned to her parent's home here shortly after their return and will remain until David returns to the states at the end of July.

Mrs. Vicki Bedard, Beth, Andrea, and Nicholas, are here visiting her parents, the Perry Wells, while her husband, Jim, is attending Michigan National Guard School in McCoy, Wis.

Voters of Crawford County

I have been in Law Enforcement almost 27 years, City of Grayling and Crawford County.

The following are a few of the programs I was able to initiate when I was Sheriff, 1973-1976 (with the help of others)

- The Crawford County Drug I.D. Lab. Lt. R. Ruddy had started a small I.D. Lab in 1972. I applied for a Federal Grant, which we received in 1973. We, then were able to expand, and hire a full time Chemist. That Lab is now the Michigan State Police Forensic Science Lab.
- The Auxiliary Deputy program
- The Auxiliary Ambulance Division
- The Law Enforcement Intern program with Kirtland Community College.
- And the Junior Deputy program. (4th Grade)

I will not be putting Signs and Posters on street corner poles, but that does not mean that I am not Campaigning, and serious about the Election.

The Primary Election is on August 5th, be sure to Vote. It is a Very important Election, for both, You and Your Candidate.

Respectfully,

Denmark Band To Visit Houghton Lake July 19 - 21

The SAEBYGARDEN of SAEBY, DENMARK will visit Houghton Lake from July 19 to July 21 as part of the Blue Lake International Exchange Program it was announced today.

While in the Houghton Lake-Prudenville area, the Saebygarden will perform one concert. The concert will be held starting at 8:00 p.m. at the Houghton Lake High School Auditorium, Monday, July 21, Mona Moore said. There will be no charge to attend the concert however, donations to cover expenses will be accepted.

The Saeby, Denmark Band is one of nearly a dozen European musical groups that will visit Michigan during 1980 as part of the Blue Lake International Exchange Program. Blue Lake is best known for the Fine Arts Camp it operates each summer at three sites about six miles east of Whitehall. Nearly 3,500 talented young musicians, mostly from Michigan and other mid-western states are expected to attend Blue Lake this summer.

Blue Lake's International Exchange Program began in 1970 when a 90-voice choir toured England, Belgium and Germany. Since then nearly 1,750 high school musicians wearing Blue Lake uniforms have visited 150 communities in England, France, Italy, Germany, Austria, Luxembourg, Belgium, the Netherlands, Denmark, Sweden, Norway and Finland.

In return, nearly 3,600 members of 54 European and Japanese bands, orchestras, choirs and dance groups have come to Michigan to perform in communities throughout the state.

While touring Europe, Blue Lake groups stay in private homes and the foreign groups do the same when visiting Michigan. Last year Blue Lake groups were hosted by nearly 1,300 families in Denmark, Norway, Sweden and Northern Germany while 800 families in 36 Michigan communities hosted members of seven European and Japanese groups that visited Michigan.

This year Diane Moore and Renae Carter, both of the Houghton Lake area have been selected to be members of the Blue Lake International Symphonic Band traveling to Amsterdam, Austria, Luxembourg, West Germany and the Netherlands.

UpNorth

Few of us know the secrets of the places around us. We often forget what there is "out there" and tend to let days and months and years pile up without moving close enough to something in order to really know it.

In nine years of residence here I have come into contact with a few local residents who really know this area. Sometimes being with people who know every crook of the woods or the hidden ways of the river I feel a tremendous sense of envy. These people have taken the time from their lives and opened all their senses up to a place. What they get back from these places is called wisdom.

This past year I have taken up with Mike Wieland, a local teacher, on several riverboat trips. Mike has guided the river for over a decade and to be with him on the river is a unique experience.

His years of poling a riverboat and the freedom that exists in his art bring you to an understanding of what it means to have a place become part of you. He knows every riffle and every log jam. He will put the boat where the fish are and will tell you what you have to do to catch a specific fish out of a specific pocket. If the con-

ditions aren't right, then he'll tell you stories. I once fished the flat water below McMaster's Bridge. Things were a little more than dead, but Mike's constant river stories provided more than enough interest to take my mind off the poor fishing.

Occasionally we meet people like Mike Wieland. To me he is a fisherman's fisherman. He lacks the pretense of many trout fishermen. He will tie flies on the river which many self-proclaimed insect experts would bet would either club the fish to death or make them die laughing. But, they work. I have seen Mike put a fly where any sane fisherman would tell you the chances of getting a snag are 100% and come out with a fish. Yet, a great deal of the man's presence on the river comes not from his ability to catch fish, but from the way he understands the water he floats.

Fishing with Mike Wieland encompasses much more than the actual act of using a fly rod, or guiding a boat. Each time I float with him I pick up a little more. Each time I get a little closer to knowing the river.

Youth Services Rec. Program

The following activities occurred during the fourth week of the Youth Service Bureau Summer Recreation Program.

On Monday, July 7, 1980, there were 15 youth who participated at the Putt-Putt Tournament. They had a great time.

On Tuesday, July 8, 1980, there were 8 youth who went Hiking around Hartwick Pines. I felt that the youth received plenty of exercise and they were ready to call it a day when the hiking was over.

On Wednesday, July 9, 1980 the youth participants went to the jail for a tour. They really enjoyed what they saw. We would like to thank Deputy Goss for giving us the tour.

On Thursday, July 10, 1980 the 12 youth who went canoeing started at Rays Canoe Livery and ended up at Stephan Bridge. We would like to thank Steve Southard at Rays Canoe Livery for his hospitality.

For the week starting July 21, 1980 the following activities are planned.

Par For The Course

By Fay Bovee

In regular Wednesday morning play July 9 for the Golf Auxiliary, Corrine Smith came in with a 44 in Flight A. Fay Bovee had low net of 32, Jeanette Kitchen had low putts of 14 and two women chipped in, Pearl Tucker on number 7 and Evelyn Kent on number 2. For Flight B, Babe Aderante and Dorothy Walker each had a 54, Marge Hildebrand and Dorothy tied for low net of 35 and Babe dropped in only 16 putts. In Flight C, newcomer Nora Fraser copped all three with a low of 56, low net of 29, and low putts of 16 which she shared with Jean Raab who also had only 16. Chip-ins were on number 8 with Dorothy Phillips and Nancy Hoffman both dropping one in.

The golf course is in excellent shape. Most of the planted trees seem to have taken and are leafed out, the new hedge on number one tee is flowering, petunias are peeping from unexpected places and the plantings around the clubhouse are attractive and the allysum has a beautiful fragrance.

The Thursday Night Chippers and Putters held their position night last Thursday, July 10, followed by a potluck dinner.

Monday Nite Fun League—Monday, July 21 is steak night.

On July 14 prizes were given in three flights for the best four holes. In Flight A, winner was Eunice Slusser, in B, Judy Mesack, and C, Marti Gosling. Eunice Slusser also had low putts.

Eagles Auxiliary Meeting

Meeting was called to order July 10 at 8 p.m. by Pres. Betty Lozon, 21 members were present.

July 12 an Officer's Workshop for Presidents, Secretaries, Treasurers and Auditors was held at Vassar, Mich. Those attending from our Lodge were: Betty Lozon, Ann Latusek, Dee Bellanger, Winnie Nims, Janet Conflitti and Helen Menfee. A total of 171 ladies from all over Michigan attended.

A question and answer period was very informative and will be very beneficial to our Auxiliary.

Thanks to those who attended our Record Dance and also thanks to Caroline and Rob McPhail for the use of their stereo.

Our Christmas Bazaar will be held the first part of December so ladies start now to get a head start on your items. More later.

A joint officer's meeting will be held Wed., July 16th at 8 p.m. Next Auxiliary meeting will be July 24th at 8 p.m.

See you there.

June 10, 1980

Editor of the
Crawford County Avalanche

Dear Editor:

On behalf of the local residents, who participated in the Grayling 4th of July parade I wish to offer some constructive criticism.

Don't you think the people would participate more if they received more publicity for their efforts? At least equal billing?

I feel the write up in this weeks Avalanche gave far more publicity to the National Guard & Ohio Guard than to your own residents.

The Military were only doing a job while the residents were beyond the call of duty. These people used their own time, money & effort.

Lets try to create more enthusiasm & interest among the local people by a little more local recognition.

After encouraging several groups to participate and seeing their disappointment I felt I had to bring this to your attention.

Yours Truly,

Ollie Smith

George Lehto's father, Ray Lehto from Tucson, Arizona is visiting in Lovells for a few weeks. He's glad to be missing some of the 100 degree plus weather they've been having in the Southwest.

Busy summer for the Lehtos with guests from Sterling Heights and Kitterminster, England recently and more guests expected from Oregon and Houston, Texas.

Mr. and Mrs. Jerry Davio & son from Ann Arbor and Mr. and Mrs. Peter Davio and sons of Maryland are visiting their mother, Mrs. Vickie Davio.

Letter to the Editor:

Dear Citizens of Crawford County:

I would first like to apologize to the good people of Frederic and to the spectators of the Frederic Homecoming Parade for the high school band not showing up on July 13th. It was a shame that the band didn't march but I cannot and will not when I have only seven students to do so. That's right, only seven students were available for the parade. Who's to blame; the students, their parents, employers, myself? In this day and age I can't force the kids to march in the parades. They have to have a little self motivation. They also need some encouragement and push from their parents and some understanding from their employers.

I would hate to see the day come where the local high school band doesn't even march in the summer parades. Many a small town's pride comes from their local high school band. It looks like it will be a long time before that happens in Grayling.

There are too many apathetic people in Crawford County that just don't get out and support their local organizations. These organizations, whether it be band, football, choir, wrestling, or the Spanish Club, need support all the time, not just when they are winning or doing well.

The last high school choir concert of the year produced about 35 people in the audience. That means some of the parents didn't even show up.

I am extremely happy that our athletic teams did so well this past year. I only hope that the music department will do that well in the near future. It can only do so with your help and support.

We all have to work together or the music department will go nowhere. I can now see why Grayling has had three band directors in three years. If things don't get better I wouldn't be surprised if there were four directors in four years.

Sincerely,
Robert A. Harris,
Director of Band,

AN OPEN LETTER TO ALL GRAYLING CITIZENS AND MERCHANTS

Our 1980 Independence Day celebration is past and has proven to be one of the most festive, successful events achieved in Grayling in many years.

From beginning with a fine parade in the morning, throughout an interesting and fun filled afternoon and culminating with an hour long display of dazzling fireworks at dark, the crowds of visitors and residents, estimated to be several thousand, thoroughly enjoyed the numerous activities.

The Grayling Boosters Club wishes to publicly acknowledge and thank the many individuals and businesses for contributions either by donations or by personal effort (or both). Our records indicate that approximately 100 merchants and individuals contributed an average of \$25.00 each. Grayling Twp. contributed \$200.00 toward the costs of the fireworks. A general spectator collection netted \$789.00. A shortage of adult volunteers kept this sum from an intended goal, as did volunteers to solicit from many merchants and businesses in town. A published request for volunteers in the Avalanche brought a total of only six (6) additional helpers. We relied on several members of the Grayling Jr. Varsity Girls Basketball Team (10 members). We wish to thank and commend them for their outstanding efforts on our behalf.

The costs of fireworks this year exceeded \$5,476.00. The increased costs of food, prizes and gifts presented left the Booster Club with a net loss of approximately \$500.00 for their total efforts of the day. This, of course, is cause for a complete re-evaluation of Booster Club sponsorship of this annual event.

We desire to continue our sponsorship, taken over seven years ago to preserve the traditional Independence Day celebration in Grayling. Many of Grayling's businesses thrive and prosper via the influx of hundreds of visitors and local citizens. To have to eliminate or dilute this annual event would be traumatic to say the least. Factually, however, to continue to assume an annual loss (as the Booster Club has done for the past two years) deprives Crawford County youths of monies originally intended solely for their benefit.

Therefore, if you did not have an opportunity to contribute, were not solicited by a Booster Club member or if you wish to add to your original (tax deductible) contribution for the continuance of this worthwhile enterprise, you may help today by sending your contribution to:

Grayling Booster Club Fireworks Fund
P.O. Box 279
Grayling, Mi. 49738

The Booster Club will be appreciative, the youths of our county will benefit and you will have achieved further personal satisfaction as a participant.

Sincerely,

Bud Joyce

Bits O'Talk

By Fay Bovee

Mr. and Mrs. Norval Stephan hosted a family get-together for Tressa's family over the long Fourth weekend. They brought their motor homes and camped at the Stephans. A sister, Mrs. Thelma Dumont, flew in from Phoenix. Members of the late Orvil Vallad family present were Larry Vallad of Panama, Fla., Mr. and Mrs. Douglas Vallad of Vicksburg, Mr. and Mrs. Steven Vallad and family of Lowell, and their daughter, Mrs. Carol Smith of Swanton, Ohio, and the former Mrs. Vallad and her husband, Kenneth and Ethel Porritt of Alto. Members of Thelma's family were Mr. and Mrs. Les Dumont and family of Vermontville. Another sister, Dorothea, and husband Willard Batterbee, of Jackson, were present. Attending from Lansing were Tillman and Winifred Vallad Bragg and their daughter, Mrs. Joy Dice Haas, and a niece of Tressa's, Mrs. Diana Hatt and Penny. The former Mrs. Sherm Vallad, now Mrs. Dora Pular, from Clio and her children, Darlene Sahaydak, Tim and Ronda Thorsley and son Tim, and Wayne and Ginger Haddy, all of Clio, also attended. Along with the Norval Stephan family, they had a flapjack breakfast on the 5th of July and a dinner and fish fry that afternoon.

Mr. and Mrs. Art Thayer were in Owosso to attend the Open House for his parent's 58th wedding anniversary. Also attending the affair was Harm Kaiser of the Netherlands. Mrs. Thayer's brother, Harold Vaughan, of Toledo, had met Harm and his family during WWII and spent a great deal of time with them. They had corresponded for the 36 years since the war and this is the first time they had met since then. Harm's sister, Leiska, was also a guest. Harm and Thayer's nephew, William McCullough, who teaches in the US Embassy School in Prague, Czechoslovakia, visited in Grayling and went to Mackinac Island on Monday and Tuesday of last week.

July finds 4-H leaders and members busy with Achievement Day plans which will be August 2nd at the Court-house grounds. Achievement Day is important to 4-Her's as this is the day the ribbons are awarded to all who have worked so hard on their projects. The public is invited to come by and see what 4-H in Crawford County is all about.

Our 4-H Swimming Club is coming to an end on July 31st. Again we would like to thank Pine Knoll Campgrounds and our leader, Jean Schmidt for all they've done.

Chicago stirs with Byrne

RICHARD MILLIMAN

Chicago has returned to normal, which, in Chicago, is a state of political controversy, confusion and cantankerousness (or cantankerosity, if you prefer).

For the past several years, Chicago has been rather quiet on the political front, owing to the handling of city affairs by the late Mayor Richard Daley.

Oh, there were times, even under Daley, when Chicago reverted to its legendary and more normal state of unrest and upset—such as when Daley delivered the presidential vote of Chicago to John Kennedy in 1960 under questionable circumstances, with the Chicago vote being crucial to Kennedy's thin victory margin. Daley—and Chicago—came through.

But other than a few times, Daley ran a rather quiet ship as head of city-state.

Now, however, the lid is off again. With someone else in the mayor's chair, Chicago is reverting. Michael Bilandic, Daley's successor, was relatively quiet—except for the snowstorms which paralyzed the city one whole winter (it seems) and cost Bilandic his job.

Mayor at the present time is the Hon. Jane Byrne, who has managed to keep things in Chicago in turmoil. The oath of office may turn out to be the highlight of her mayoral career; it's been down hill since.

Mayor Byrne has been fighting with just about everyone. She seemed to endorse President Jimmy Carter, then really endorsed Sen. Kennedy, and then failed to deliver the votes. She appointed her husband as her press secretary, which raised some eyebrows. She crosses swords with city employee unions, which sometimes is necessary, but certainly doesn't build many bridges with City Hall. And so it has gone for Mayor Byrne.

The latest brouhaha has pitted Mayor Byrne against the venerable and powerful Chicago Tribune. Mayor Byrne kicked the Tribune out of the City Hall pressroom, and ordered city officials not to talk to the newspaper or to give its reporters access to city government records.

The Tribune, it seems, wrote a story about a suppressed city report dealing with the transition between former Mayor Bilandic and incoming Mayor Byrne. The report was highly critical of many city departments, and urged many

specific firings. Mayor Byrne was furious when the Tribune went into print with details from the report, which was made available to the Tribune (and some other media) only by court action.

For its part, the Tribune was outraged by Mayor Byrne's outrage, and her ouster and clam-up actions. So was the Tribune's main competitor, the Chicago Sun-Times, and the American Civil Liberties Union and other individuals and organizations.

The ACLU claimed the Mayor's actions violated the First Amendment guarantee of freedom of the press—a claim which I, for one tend to think is a bit overstated. Banning a newspaper from City Hall pressroom, and telling city officials not to talk to reporters, may be stupid and vindictive, but I don't think such actions are unconstitutional.

The mayor said her ire came not only from the suppressed report, but also from past Tribune stories. She accused the Tribune of engaging in "innuendoes, lies, smears, character assassinations and male chauvinistic tactics."

Mayor Byrne is most likely a bit subjective in her analysis of the Tribune's efforts to inform the citizens of Chicago about what goes on at City Hall. If she honestly believes the Tribune has such an anti-Byrne campaign underway, some sort of reaction by her is understandable, and making it somewhat difficult for the offending newspaper to do its job is logical recrimination.

After all, what politician should be subjected to sit still for innuendoes, lies, smears, and character assassinations? Although they're neither illegal nor unconstitutional—nor is male chauvinism, either, for that matter—they do create political problems.

Subsequently, Mayor Byrne relented a bit, and restored the Trib's use of the pressroom, which may regulate the whole affair to the status of tempest in a teapot.

However, it does serve to remind the nation that Chicago is back to normal—a real toddling town, especially at City Hall.

Mayor Byrne may have learned the wisdom of that old political adage, which public officials ignore only at their peril, to wit: Never pick a fight with a guy who buys ink by the barrel.

Around the World With Steve Rison

EDITORS NOTE—This is part one in a five part series covering Steve Rison's "Trip Around the World."

The sun shines even brighter today as I begin to go through the pile of mail I just received—mostly from Grayrock! You can't imagine how warm and comforting it is to receive so many good wishes and news from friends back home after being pretty isolated for a month in a hospital where almost no one, with whom I come in contact, speaks English. Unfortunately, I haven't picked up too much German either other than things like Rontgen (x-ray), Isolier (isolation), "Morean Aufstehen Bett Machan" (Good morning, get up, time to make

the bed) which occurs every morning at 6:30 a.m. when two Schwesters (nurses) come in, turn on the lights, have you stand next to the bed while they fluff up the pillow and quilt, after which you crawl back in, shaking your head and asking yourself it was all that necessary, and lest I forget that classic hospital line "Haben sie stuhlgang gehabt" (Have you had a bowel movement?) Obviously, I'm at a loss getting into many meaningful conversations with that vocabulary but have learned 2 German card games and have done my part to spread some American culture around by providing the "3rd Floor Isolier" with a thorough knowledge of "Crazy Eights". Euchre, though preferred, was obviously out of the question. In any case, the viral infection that has temporarily detoured me, has been treated and I expect to be heading north "on the road" again in a day or two. Although it hasn't been a particularly desired stopover, I am thankful that it was here rather than in some mountain or jungle village which might easily have been the case. Aside from basic communication difficulties, the treatment and care have been excellent and the Fritz Family (friends of Michelle Dosch's who I was visiting when I was hospitalized) have been super-providing me with many welcome visits, pajamas, reading matter, Cokes and an occasional Big Mac—real essentials of hospital survival. Anyway enough of this, let me now fill you in on the more pleasant and interesting experiences of the last couple of months.

Harold Gregg Democratic Candidate for 103rd District

Harold Gregg Democratic candidate for representative for the 103rd District.

In announcing my candidacy I would like to tell you a little about myself and some of my views. I am 48 years old, married (30 years) and have 3 children and 5 grandchildren. I am a veteran of the Korean war, and spent 4 years in the navy. I am at present the Hayes Township Supervisor in Clare County. I was in business for 20 years in Michigan, I work as a heavy equipment operator and I like fishing and flying, hiking and hunting.

I feel that the most pressing items on the state level are energy, business climate, and taxation. I feel if we take the property tax off land for schools and place it on a 1/2 of 1% income tax on gross earnings for individuals and 1/2 of 1% on net profits for business we could solve the education money shortage, this tax would be on all income regardless where it comes from.

The largest single problem to

business in our State is workers compensation. I feel there would be less fraud if we divide the tax between the employer and employee, as this would cause more to be paid by the employee if he or she helped a person get a claim through which was not truly necessary, also the employee would be more safety minded if the tax went up every time a claim was paid.

The State at present encourages waste in energy by letting the utility company charge more if you use less than a normal amount, this could be changed and should be charged.

I ask for your support in the primary August 5th and in November at the general election.

Attend the Church of Your Choice

They had waited for this real vacation — this long trip — for years. But this time it was different, this time he wouldn't be going back to his job.

At first, retirement seemed frightening, like being shut off from the mainstream of life. He had seen too many men age beyond their years, after their career ended. He had no wish to be on the sidelines. He and his wife could have moved to a warmer climate and just have taken it easy. He didn't want that. So, before he left home, he had a long talk with his minister.

He found that there was plenty a man his age could do. Financially secure, he could afford to volunteer for a job. In fact, through the Church there was work he could do that would spread to the farthest corners of the world.

Right now, he is enjoying this vacation. He is savoring every moment of it. Because, when he gets home, he's going to lead a full and useful life. And that's the way he wants it.
